Subject: Teamsters Negotiations Update

Importance: High

As you may recall we were scheduled to meet with all locals in mediation on the 29th. Our mediator has been called to Washington DC for an emergency meeting at the headquarters of the FMCS in DC.

We are waiting to hear from the mediator on what dates we will be able to reschedule.

We do know that the meeting scheduled with all the locals on October 29th has been cancelled.

Please share this with your people.
